SUMMARY

Recent Computer and Network Engineering graduate from SMK Teratai Putih Jakarta (May 2026). Proficient in the OSI model, TCP/IP protocols, LAN architecture, routing and switching fundamentals, subnetting (CIDR/VLSM), DNS, DHCP, NAT, and network cabling. Understands hardware and software troubleshooting. Strong analytical thinking, communication, and teamwork skills developed through active involvement in the Student Council (OSIS). Eager to apply technical knowledge and contribute effectively as an IT Support, Junior Network Engineer, or Network Technician.

INTERNSHIP EXPERIENCE

STIKOM CKI	Jan 2025 - Jun 2025
Administration Support Staff	
- Performed preventive maintenance, application installation, and troubleshooting of computer lab hardware to minimize technical disruptions. - Managed campus administrative documents and data, and digitized academic archives. - Supported daily campus operations	

EDUCATION

SMKS Teratai Putih Jakarta	Jul 2023 - May 2026
Computer and Network Engineering	
Average Score: 83.57	

TRAINING EXPERIENCE

Pusat Pelatihan Kerja Daerah Jakarta Pusat	Jul 2026 - Sep 2026
Network Technician	
- Designed and configured LAN topologies using Cisco routers and switches and MikroTik routers, implementing static/dynamic routing and VLANs. - Worked in a team to build network infrastructure, from topology planning to connectivity testing. - Performed network troubleshooting, UTP cabling, and connectivity testing using ping and traceroute.	
Pusat Pelatihan dan Pengembangan Pendidikan Jakarta Timur	8 Sep 2025 - 12 Sep 2025
Computer and Network Engineering	
Designed network addressing schemes, simulated router and switch configurations, and installed wireless networks.	

SKILLS & LANGUAGES

Hard Skills: Cisco Routers & Switches, MikroTik Routers, VLAN, Static and Dynamic Routing, IP Addressing/Subnetting, Wireless Network Setup (Wi-Fi), UTP Cabling & Termination, Connectivity Testing (Ping/Traceroute), Device Maintenance & Repair, Hardware and Software Troubleshooting Soft Skills: Problem Solving & Critical Thinking, Teamwork & Collaboration, Discipline & Responsibility, Fast Learner and Adaptable Software & Tools: Google Workspace (Sheets, Docs), Microsoft Office (Excel, Word), Cisco Packet Tracer, Winbox Languages: Indonesian (native), English (basic)	
---	--

CERTIFICATIONS

- Network Technician Competency Certificate (BNSP) – LSP Media Informatika (in process of issuance) - Computer and Network Engineering (TKJ) Competency Certificate (LSP) – LSP SMK Teratai Putih Jakarta (in process of issuance)	
--	--

ORGANIZATIONAL EXPERIENCE

Student Council (OSIS) – SMKS Teratai Putih Jakarta	Nov 2023 - Oct 2025
Student Creativity Division Member	
- Designed digital posters for various school events. - Managed logistics, equipment, and venue facilities to ensure events ran smoothly.
