SUMMARY

Computer and Network Engineering graduate from SMK Teratai Putih Jakarta with a professional Network Technician certification. Proficient in OSI Model, TCP/IP protocols, LAN architecture, routing & switching fundamentals, subnetting (CIDR/VLSM), DNS, DHCP, NAT, and network cabling. Skilled in hardware/software troubleshooting. Possesses strong analytical thinking, communication, and teamwork skills developed through active involvement in the Student Council (OSIS). Eager to leverage technical knowledge and contribute effectively as a IT Support or Network Technician.

INTERNSHIP EXPERIENCE

STIKOM CKI	Jan 2025 - Jun 2025
Administration Support Staff	
- Assisting with the management of campus administrative documents and data. - Digitizing academic archives and documents. - Computer maintenance and application installation in campus laboratories. - Supporting daily campus operations.	

EDUCATION

SMKS Teratai Putih Jakarta	Jul 2023 - May 2026
Computer and Network Engineering	
Average Value: 83,57	

TRAINING EXPERIENCE

Pusat Pelatihan dan Pengembangan Pendidikan Jakarta Timur	8 Sep 2025 - 12 Sep 2025
Computer and Network Engineering	
- Designing network addressing. - Configuring switches on a network. - Installing a wireless network.	
Pusat Pelatihan Kerja Daerah Jakarta Pusat	Jul 2026 - Sep 2026
Network Technician	
- Design and configure local area network (LAN) topologies using Cisco routers and switches, implementing static/dynamic routing and VLANs. - Collaborating in a team to build network infrastructure from topology planning to connectivity testing. - Performing network troubleshooting, UTP cabling, and connectivity testing using ping/traceroute tools.	

SKILLS & LANGUAGES

- Languages:** Indonesia (Native), Inggris (Basic / Elementary).
- Hard Skills:** Cisco Routers & Switches, VLAN, Static & Dynamic Routing, IP Addressing/Subnetting, Wireless Network Setup, UTP Cabling & Crimping, Connectivity Testing (Ping/Traceroute), Device Maintenance & Repair, Hardware & Software Troubleshooting, Application Support.
- Soft Skills:** Problem Solving & Critical Thinking, Teamwork & Collaboration, Discipline & Responsibility, Fast Learner & Adaptable.
- Software & Tools:** Google Workspace (Sheets, Docs), Microsoft Office (Excel, Word), Cisco Packet Tracer, Winbox.

CERTIFICATIONS

- **TKJ Expertise Competency Certificate (LSP)** - LSP SMK Teratai Putih Jakarta (Certificate issuance in progress).
- **Network Technician Competency Certificate (BNSP)** - LSP Media Informatika (Certificate issuance in progress).

ORGANIZATION EXPERIENCE

Student Council (OSIS) - SMK Teratai Putih Jakarta

Nov 2023 - Oct 2025

Head of Student Creativity Division

- Designed promotional materials and digital posters for various school events.
- Assisted in event logistics, setup, and coordination to ensure smooth event execution.
- Collaborated with cross-functional teams to support creative and operational needs.
